

**F1 Flyer**

26" Inches  
(660mm)

1 2 3 4 5 6 Inches

1 2 3 4 5 6 7 8 9 10 Centimeters

The diagram shows a top-down view of the F1 Flyer, a small, single-engine propeller aircraft. A horizontal line with arrows at both ends indicates the wingspan, which is labeled as 26 inches (660mm). Below this line is a ruler with markings in inches (1 to 6) and centimeters (1 to 10). The aircraft is positioned on the right side of the wingspan line, with its wings extending to the left. The aircraft has a high-wing configuration, a single propeller at the front, and a tail section. The landing gear consists of two main wheels and a tail wheel. The fuselage is white with black and blue accents. The wings are white with black and blue stripes. The tail is white with a blue stripe. The aircraft is shown from a perspective that highlights its wingspan and overall shape.
